Save lives through organ and tissue donation!

Thank you for your interest in saving lives by signing up to be an organ and tissue donor. Register with the **National Donate Life Registry** through the link below and you will give legal consent for organ and tissue donation to take place after you pass away.

Register today!

Donor registries are a fast and easy way to register your consent for organ and tissue donation and provide an electronic record of your decision that can be accessed 24/7 in the event of your passing. Registration can help you save and heal the lives of up to 8 people through organ donation and 75 people with tissue donation. Many donors may even wish to register through both Donate Life and their state motor vehicle office driver's license.

Massachusetts State Registration - Organ & Tissue Donation

Anyone can sign up to become an organ and tissue donor. You can register regardless of your age or medical history. The New England Organ Bank has **information about eligibility**. You can register as an organ donor at any time through the Registry of Motor Vehicles (RMV). Many people become organ donors when they apply for or renew their Massachusetts driver's license or ID. Registering as a donor is as simple as checking yes on your **license/ID application**. There is no fee to become an organ donor.
